## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1, 5-7, 9, 10, 21-27, 30-32 and 34-36 are rejected under 35 U.S.C. 102(e) as being anticipated by U.S. 6454097 issued to Blanco.

3. Blanco discloses a gun cleaning kit, comprising:

A housing 20;

a plurality of chambers 22 having openings;

a plurality of pre-moistened gun patches 6, 33 (oil-based towelettes and water Jel burn dressing);

at least one rod 9 (cotton tip applicators have wooden or plastic rod handles);

at least one jag (defined as a sharp projecting part) 18, 29;

a means for attaching 50

and a lid for sealing the plurality of chambers (see abstract in which describes device as a buoyant and therefore, waterproof).

4. Claims 1, 5, 6, 8, 10, 21, 22-27, 30, 31, 33, 35 and 36 are rejected under 35 U.S.C. 102(e) as being anticipated by U.S. 20020157972 issued to Gallo et al. Gallo discloses a gun cleaning kit, comprising:

A housing 2;

A plurality of separate chambers 5;

A plurality of pre-moistened gun patches (antibacterial towelettes);

A plurality of brushes [0024];

At least one lid for covering and sealing [0019];

A means for attaching comprising a handle [0025]; and

Dry gun patches (diapers, wipes).

5. Claims 22, 23, 24, 25, 27, 28, 29 and 36 are rejected under 35 U.S.C. 102(e) as being anticipated by U.S. 20050029280 issued to Hayes. Hayes discloses a gun cleaning kit, comprising:

A housing 12;

A plurality of separate chambers formed by a wall 14;

A plurality of pre-moistened or dry gun patches that are separated and folded or attached via perforations [0009]; and,

A lid 20/24.

***Claim Rejections - 35 USC § 103***

6. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the

Art Unit: 3641

invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

7. Claims 3, 4, 28 and 29 are rejected under 35 U.S.C. 103(a) as being unpatentable over Blanco in view of Hayes. Blanco discloses a gun cleaning kit as described above including patches 6, 33. However, Blanco does not disclose how the patches are connected. Hayes teaches that wet wipes or towelettes are known to be assembled by perforations or folding. At the time of the invention, one having ordinary skill in the art would have found it obvious to provide the wipes of Blanco with the attachment configuration as taught by Hayes. The suggestion/motivation for doing so would have been to allow for a subsequent wipe to protrude from a dispensing opening after a previous wipe has been used.

### ***Conclusion***

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 3641

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

9. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art cited on form PTO-892 are cited as of interest to show similar gun cleaning kits.

10. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Troy Chambers whose telephone number is (571) 272-6874 between the hours of 7:00 a.m. to 3:30 p.m., M-F. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael J. Carone, can be reached at (571) 272-6875.
